WELCOME TO THE WORLD OF EASI-CHANGE.

Easi-Change manufactures practical and economical solutions for changing and showering. When children or adults are unable to change or wash independently more supportive equipment is often required. Designed to be comfortable and hygienic for the user and easy to use for the carer, you will find an Easi-Change wall mounted or mobile, showering or changing solution to meet your needs.

Easi Support
Easi-Change has a large number of experienced local distributors both inside the UK and internationally who can personally advise on our range of products. Their services includes site visits, consultation and installation of the most practically appropriate equipment to suit the intended environment and the needs of both the user and the carer.

Easi to Use
Easi-Change designs and manufactures well-made, easy to use products that stand the test of time. Through close consultation with therapists and users, the practical, no-fuss range of Easi-Change products have evolved, giving confidence to both the specifier and the user. All Easi-Change products come with a Manufacturer's 2-year warranty.

Easi to Specify
Our trusted network of distributors are authorised to supply Easi-Change products. Please contact us directly and we will connect you to your nearest Easi-Change distributor.

The Mobi range Mobi changer

(powder coated for dry rooms and stainless steel for bath/changing rooms)

Room to room

The Mobi changer is a fully mobile changing table that requires no installation or fixing. Its compact and slimline design means it can be easily manoeuvred from room to room, offering an extremely cost effective option for multi-transfer or multi-user environments.

Height adjustable

The electrically operated Mobi changer provides an excellent travel range of 480mm and can be lowered and elevated at the touch of a button. Safe and suitable working heights can be easily achieved which helps prevent the risk of back injury to the carer.

Easy transfers

The Mobi changer has been designed to ensure sufficient clearance for a wide number of hoists. Its mobility and unique stowaway side rails enable safe and easy handling. Whether you are transferring from a bed, wheelchair or toileting chair, the Mobi changer is the perfect solution.

Charger features

The Mobi changer will be supplied with a wall mounted charger and 2 batteries as standard.

Safety skirt

The Mobi changer has an innovative protective skirt to prevent any contact with the powered lifting mechanism, ensuring the carer can always work safely.

KEY FEATURES

- Mobile and easy to manoeuvre
- No installation required
- Cream powder coated frame for dry room environments
- Stainless steel for damp room environment i.e. bath/changing room
- Available in 3 sizes
- Length of table available in 1400mm, 1600mm or 1800mm
- Weight capacity of 227kg
- Travel range of 480mm
- Easy to clean padded surfaces
- Optional angled back (please see page 21 for more details)
- Unique stowaway side rails

The Mobi range

Mobi heavy duty changer

Meeting bariatric needs

The Mobi heavy duty changer has been designed to meet the needs of bariatric users. Its powerful 12K Newton motor, coupled with the extra wide mattress platform, makes it the ideal solution.

Extra support

It is imperative that the user is comfortable whilst being changed. The extra thick layer of cushioning foam ensures comfort throughout use.

Manoeuvrability

The benefit of the Mobi range of products is that they do not require any wall mounting or floor fixing. They are easy to manoeuvre which means that the user can be transported from room to room with no trouble (door opening has to be 1100mm or more).

No fuss

The Mobi heavy duty changer is electronically operated, which makes adjusting the height of the table simple.

KEY FEATURES

- Mobile and easy to manoeuvre
- No installation required
- Electronically operated
- Cream powder coated frame for dry room environment only
- Length of table available in 2000mm
- Weight capacity of 450kg
- Travel range of 370mm
- Easy to clean padded surfaces

The Mobi range Mobi shower trolley

Safe showering

For many children and adults, conventional methods of bathing and showering can be difficult and even hazardous. The Mobi shower trolley is a powered, height-adjustable shower trolley specifically designed to enable the user to be safely and easily washed or showered by their carer.

Reduces back injury

The Mobi shower trolley offers a range of height adjustments to enable the carer to shower and change the user at a safe and suitable working height. This reduces the risk of back injury for the carer.

Easy to manoeuvre

Mobile and easy to manoeuvre, the Mobi shower trolley can be easily wheeled to and from any room, making it an ideal bathing solution for a wide range of care settings. Four locking castors prevent movement during transfer.

Stowaway side rails

The Mobi shower trolley has been designed with two unique safety side rails that can be easily stowed away beneath the trolley. This allows maximum clearance for safe, easy transfer and use.

Charger Features

The Mobi shower trolley will be supplied with a wall mounted charger and 2 batteries as standard.

KEY FEATURES

- Mobile and easy to manoeuvre
- No installation required
- Stainless steel frame
- Drainage channel and pipe
- Soft comfortable mattress and wedge shaped pillow
- Available in 1 size
- Length of table is 1800mm
- Weight capacity of 220kg
- Travel range of 460mm
- Easy to clean padded surfaces
- Unique stowaway side rails
- Optional padded mattress as an accessory

The Hi-riser range

Hi-riser

(powder coated for dry rooms and stainless steel for bath/changing rooms)

Robust yet slimline

Hi-riser is an electrically operated wall-mounted changing table that is suitable for children and adults of up to 200kg. Despite its robust structure, the Hi-riser has a slimline design that ensures it fits easily into most environments.

Sizes to suit

We understand that every need is different, which is why the Hi-riser comes in seven different sizes that cater from young children through to adults.

Easy transfer

The Hi-riser has been designed so that it can be used with most mobile or ceiling hoists. The unique safety side rail stows away, streamlining access for transfers from a wheelchair, shower and toileting chair. The Hi-riser also benefits from an impressive travel range of 600mm.

Options

The Hi-riser comes in a cream powder coated frame for dry room environments or stainless steel frame for damp room environments for example bath rooms.

KEY FEATURES

- Electrically operated
- Wall and floor mounted
- Cream powder coated frame for dry room environments.
- Stainless steel for damp room environment i.e. bath/changing room
- Available in 7 sizes
- Length of table available in 100mm increments from 1200mm – 1800mm
- Weight capacity of 200kg
- Impressive height range of 600mm
- Folds away to save on space
- Easy to clean padded surfaces

The Hi-riser range

Hi-riser shower stretcher

Two-in-one

The Hi-riser shower stretcher is an easy to use two-in-one wall and floor mounted showering and changing table. Its robust yet slimline design makes it suitable for children and adults of up to 150kg. Its versatility means it offers the ideal solution for swimming, hydrotherapy and bathroom environments.

Comfortable & hygienic

The Hi-riser shower stretcher has been designed with reinforced PVC, making it highly supportive yet soft and comfortable to lie on. Its stainless steel frame facilitates easy cleaning, making it a perfect choice for multi-user environments.

Quick drainage

The Hi-riser shower stretcher is supplied with flexible pipe work to use with a suitable floor drain or, alternatively, it can be plumbed in. Water can easily be drained away using the drainage pipe, which can also be detached for cleaning purposes.

Options

The Hi-riser shower stretcher is available in two sizes and comes complete with a padded safety rail.

KEY FEATURES

- Electrically operated – handset works safely in wet rooms
- Changing and showering in one
- Drainage pipe and fasteners included
- Wall and floor mounted
- Stainless steel construction
- Available in 2 sizes
- Length of table available in either 1400mm or 1800mm
- Weight capacity of 150kg
- Travel range of 570mm
- Easy to clean padded surfaces
- Unique stowaway side rail
- Folds away to save on space
- Protrudes 300mm from the wall when stored
- Optional padded mattress as an accessory

The Easi-lift range

Easi-lift changing bench

No floor fixing

Most height-adjustable changing tables require fitting to both the wall and floor. The Easi-lift changing bench has been designed to require wall fixing only. This is particularly beneficial where the type of floor, surface pipe work or cabling prevent floor installation.

Space saving design

Easi-lift changing bench is a compact, electrically operated wall-mounted changing bench designed to fit in a dry room environment where space is at a minimum.

Prevents back injury

The Easi-lift changing bench has a travel range of 500mm to meet varying needs and the bench can easily be set to a safe and suitable working height to help prevent the risk of back injury to the carer.

Stowaway side rail

The Easi-lift changing bench features a unique safety side rail that can be easily stowed away beneath the table. This allows maximum clearance for safe and easy transfer.

KEY FEATURES

- Electrically operated
- No floor fixing required
- Ideal for a dry room environment
- Available in 6 sizes
- Length of table available in 100mm increments from 1200mm – 1700mm
- Weight capacity of 150kg
- Travel range of 500mm
- Folds away to save on space
- Protrudes 305mm from the wall when stored
- Easy to clean padded surfaces

The Easi-lift range

Easi-lift shower stretcher

Easy adjustment

The Easi-lift shower stretcher has been designed to help you move the user up and down with ease whilst they are on the stretcher. It is electronically operated with a height range of 500mm, which allows a safe and suitable working height to prevent the risk of back injury to the carer.

Fold away made easy

All of our Easi-lift shower stretchers are fitted with assisted lifting action, which reduces the amount of effort required to fold away the stretcher.

Contemporary design

The unobtrusive and neutral design of the Easi-lift shower stretcher allows it to fit into a wide range of environments. The need for floor fixing has been eliminated making it the perfect choice for areas where the floor type, surface pipe work or cabling prevent floor installation.

Easy storage

The compact design coupled with the ability to fold the stretcher away when it is not in use makes this the ideal product for times when space is limited.

KEY FEATURES

- Electrically operated
- No floor fixing required
- Ideal for a wet room environment
- Stainless steel frame with powder coated finish
- Available in 6 sizes
- Length of stretchers available; 1400mm - 1900mm in 100mm increments

The Easi-shower range

Shower stretcher fixed height

Economical solution

The Shower stretcher fixed height is our entry-level product and an economical washing and showering solution for the user. This durable and slimline product represents real value for money.

Added headrest

The Shower stretcher fixed height, along with all of our shower stretchers, can be enhanced with the optional integral vinyl headrest. The headrest features a paddle lift adjustment, which allows it to be locked securely into the desired position. For more details please refer to page 21.

Makes bathing easier

The Shower stretcher fixed height is designed to allow the washing or showering of the user whilst in a horizontal position. It can be fixed directly above a bath making it the perfect solution for the home.

Plenty of choice

The Shower stretcher fixed height comes in six different sizes. The stretcher is available in a length of 1400mm, 1700mm or 1900mm, which enables it to fit both the size of the room and the height of the user.

KEY FEATURES

- No floor fixing required
- Ideal for a wet room environment
- Stainless steel frame with powder coated finish
- Permanently fixed at the desired height
- Available in 6 sizes
- Length of stretchers available; 1400mm - 1900mm in 100mm increments
- Weight capacity of 200kg
- Folds away to save on space
- Wipe clean surfaces
- Optional integral vinyl headrest on any sizes with paddle lift adjustment
- Optional 1400mm safety guard

The Easi-shower range

Shower stretcher adjustable height

Wall mounted

The Shower stretcher adjustable height is wall mounted and does not require fixing to the floor. Its stainless steel frame and vinyl cover makes it perfect for any room environment.

Added safety

The safety guard is an optional accessory, available for all of our shower stretcher products, designed to give carers peace of mind whilst showering the user. The safety guard locks securely in to position and provides extra support whilst the user is on the stretcher. For more details please refer to page 21.

Space saver

The Shower stretcher adjustable height is ideal for rooms that have limited space. The fold-away functionality of the stretcher allows it to be stored away when it is not being used, allowing maximum use of room space.

Height adjustable

The Shower stretcher adjustable height allows you to manually set the height of the stretcher to the desired position, simply by turning the handle clockwise to lower and anti-clockwise to elevate.

KEY FEATURES

- Height range is manually operated
- No floor fixing required
- Ideal for a dry or wet room environment
- Stainless steel frame with powder coated finish
- Available in 6 sizes
- Length of stretchers available; 1400mm - 1900mm in 100mm increments

Easi-Change Accessories

Headrest

Products: Easi-lift shower stretcher, Shower stretcher fixed height & Shower stretcher adjustable height

Our 3 shower stretcher products can all be enhanced with the optional integral vinyl headrest. The headrest must be ordered at the same time the stretcher is ordered and cannot be fitted retrospectively. Our frames have been designed with the ability to have the headrest at each end of the stretcher (please specify which end, at point of order). The headrest features a paddle lift adjustment, which allows it to be locked securely in the desired position.

CODE: Please refer to product

Safety Guard

Products: Easi-lift shower stretcher, Shower stretcher fixed height & Shower stretcher adjustable height

Enhance the safety of any of the 3 shower stretcher products with the safety guard accessory. The safety guard must be ordered at the same time the stretcher is ordered and cannot be fitted retrospectively. The safety guard locks securely into position and provides extra support whilst the user is on the stretcher. Please note that the safety guard does not stow away (as per the Mobi changer). The safety guard is one size in length (1400mm).

CODE: ECSG01

Angled Back

Products: Mobi changer

The angled back is only available for the powder coated Mobi changer and must be requested when placing an order, as it cannot be fitted retrospectively. The angled back support option enables a carer to find the ideal supportive angle for the user, making changing or showering more comfortable.
